

Main Projects

		CUSTOMER TYPE	DURATION DATE
INDUSTRY SURVEYING			
	Control network implementation for project "New Port Facilities" BP OIL <i>Control network implementation for construction of new dock, 2,5 Km Rack and new pumping area.</i>	CHEMICAL INDUSTRY	2 months 2011
	Extension of the new Control building in BP OIL <i>Extension of control building in order to increase productivity being more efficient on refining process.</i>	CHEMICAL INDUSTRY	6 months 2012-2013
	New tank construction for wastewater plant. <i>7000m3 tank construction for the treatment of wastewater from the plant.</i>	CHEMICAL INDUSTRY	5 months 2013
	Land surveying for design project of new piping lines <i>Detailed land surveying of 1500m and 3D modelling of installation</i>	CHEMICAL INDUSTRY	1 month 2013
	Land surveying for the construction project of new propylene sphere. <i>Land surveying for the construction project combining Laser scanning and classical survey methods.</i>	CHEMICAL INDUSTRY	1 month 2013
	Survey management for the construction of new propylene sphere. <i>Survey monitoring of all the new installation civil and mechanical works.</i>	CHEMICAL INDUSTRY	18 months 2013-2014
